

Homeless Students

Homeless Student Liaison

The liaison appointed by the superintendent shall work to identify homeless children and **youth** and facilitate each homeless student's access to and success in school. By October 1 of each year, the liaison shall report the number of homeless student enrolled in the school district to the Colorado Department of Education.

The primary functions of the local liaison shall be to mediate disputes concerning school enrollment, assist in making transportation arrangements, assist in requesting the student's records, provide information and give referrals on services and opportunities, and assist any unaccompanied youth with enrollment, credit accrual and college readiness decisions.

Enrollment and school stability

Enrollment shall be immediate even if the homeless student lacks records routinely required prior to enrollment or has missed application or enrollment deadlines. The district shall make arrangements to obtain any necessary records and to have the student receive any necessary immunizations. When feasible the district shall seek immunization through no- or low-cost health care providers. If an expense is incurred, the district shall seek reimbursement through Medicaid if possible.

If a homeless student becomes permanently housed outside the district during the school year, the student shall no longer be considered homeless and may only continue enrollment in the district for the remainder of the school year.

Tuition

A student defined in state and federal law as a homeless child or youth shall be admitted without payment of tuition.

In making enrollment determinations, the local liaison shall consider relevant factors, including but not limited to:

- The best interest of the homeless student
- To the extent feasible, keeping the homeless student in this district
- The wishes of the student and the student's parent/guardian if the student is in the custody of a parent/guardian
- The student's transportation needs related to various enrollment options (the district where the student is located and the district where the student will attend school must either agree on a method to apportion cost and responsibility for the student's transportation or share the cost and responsibility equally)

- Which school district can best meet the student's educational and other services needs

Transportation

Subsequent to a determination that the student shall attend a school in this district, a request for the transportation may be made by the student, or by the student's custodial parent/guardian.

If the student is located in the district, the district shall provide or arrange for the student's transportation to and from school in accordance with the district transportation policies. All transportation services shall be comparable to those provided for other students in the district.

If the student is located outside of the district **boundaries** but a determination has been made that the student shall attend school in the district, both this district and the district where the student is located must either agree on a method to apportion cost and responsibility for the student's transportation or share the cost and responsibility equally.

In making enrollment determinations, the local liaison shall consider relevant factors, including but not limited to:

Dispute resolution

When a dispute arises over eligibility, school selection or enrollment, the district shall provide a written explanation of the district's decision and of the right to appeal, in a manner and form understandable to the student's parent, guardian or unaccompanied youth. The homeless student shall be immediately enrolled in the school in which the parent/guardian or unaccompanied youth seeks to enroll, pending resolution of the dispute.

The local liaison shall attempt to resolve the dispute as expeditiously as possible. If the local liaison is unable to resolve it, the district shall follow the Colorado Department of Education's McKinney-Vento homeless education dispute resolution procedure.
